Looking forward to your early reply.

Everybody can suffer from stress. No matter what your age is, you can feel stressed out by things that are happening in your life. Teenagers, however, get stressed more easily than people in any other age group. Being a teenager is hard. You are not an adult at all, but you have to deal with some very grown-up problems and decisions. For the causes of the stress, family can be one of the biggest ones, such as unhappy moments with parents, or with brothers and sisters. Teenagers also have a lot of stress from school, either from their teachers or from their friends. Having a satisfactory performance in the school can be very difficult, too. Although there are always problems in teenagers' life, you can learn the best way to deal with them. Talking to people is one of the best ways to solve the problems. It may sound simple, but it is true. A problem shared is a problem halved.

第二节 请听一段独白，根据所听到的独白内容和提示信息，将所缺的关键信息填写在答题卡的相应位置上。这段独白你将听两遍。

Three films, *The Chinese Pilot*, *The Climbers* and *My People, My Country*, came out in time for the National Day celebrations in China.

*My People, My Country* is made up of 7 short stories about common people. They're based on 7 important moments since the founding of People's Republic of China. All of them show the close relationship between people and the country.

*The Chinese Pilot*, also known as *The Captain*, is based on a true event. It took place on a plane after the window broke at 32,000 feet high. The plane lost most of its controls. Pilot Liu Chuanjian managed to control the plane and slow it by hand. Finally, he made a successful landing in Chengdu. All the 119 passengers returned home safe and sound.

*The Climbers* also comes from a true story. It tells the story about the members of a Chinese mountaineering team. They overcame unbelievable difficulties to reach the top of Mount Qomolangma in the 1970s. The dangerous trip caused heavy damage to the climbers, physically and mentally, so they had to make life and death decisions at every turn.
