题目①

I'm Li Hua, from Class 1, Grade 9. As for after-school activities, I would like to suggest doing sports games, joining art clubs, or visiting museums.

I suggest so because doing sports can not only help us relax after school, but also help us

keep healthy. Going to art clubs is a good idea to make some friends or improve our skills. Besides, there are so many great museums in Beijing, such as the National Museum of China, the Capital Museum etc. If we have chances to visit them, we'll gain more knowledge and widen our eyes.

I hope my suggestion can be considered. Thanks!

题目②

Good manners are important in our lives. First, they are the symbols of the social development. Second, they can help us get on well with others and bring us more chances to be successful in life.

To be good-mannered, I often do things as follows in my daily life. At home, I'm nice to all my family members and always help do housework. At school, I respect my teachers and be friendly to my classmates. In public, I dress well and never speak or laugh loudly. Being a good-mannered student, I think I can meet a better self in the future.
