Dear Peter,

How is it going?

There'll be an activity on "How to Keep Fit" in our school. I'd like to invite

you to attend it.

This activity will be held at 6 o'clock this Friday evening in our school library. All the members of the Fitness Club will take part in it. First, some of our members will share their experiences of how they keep fit in their daily life, including their exercise plans, useful skills, their feelings as well as achievements they've made. Then, the free talk will start and everyone will be allowed to ask questions.

You're welcome to share your own exercise experience. You can also share the details of your diet with us.

I'm looking forward to your early reply.

题目②

Possible version

When I was in Grade 4, I didn't like being with my classmates. Instead, I preferred reading books alone.

When I heard my classmates call me "nerdy", it hurt me a lot. I had many conversations with my parents and teachers. Then I came to realize that it was OK to be different and that I didn't need to be like others. But I did try something new to fit in: I began to share what I read with my classmates. I even join their games sometimes, which has helped me make new friends.

We are all different. Although I should accept myself for who I am, I can also do something to improve, which will help me become a better and happier "ME"!
