题目①

Dear Sir/Madam,

I would like to be a volunteer to receive the British students. I like making friends and I am outgoing, so it's easy for me to get along well with them.

I have some plans for the weekends. First of all, there are a lot of places of interest in Beijing, so I plan to take them to some places like the Great Wall, the Forbidden City and so on. I'll also cook some Chinese dishes for them. I am sure they will have a great and unforgettable time in Beijing.

I'm looking forward to your early reply.

Yours,

Li Hua

题目②

It's important for us to keep trying to achieve our goals. I love running and I have kept running for three years.

When I was in Grade 7, I was not good at sports and running was always my headache. I often failed in my running test. In order to catch up with my classmates, I began to practice running every day after school. Sometimes, I was so tired that I really wanted to give up. But I kept telling myself that I could make it. No matter what kind of difficulties I faced, I tried my best to keep running. Now I do much better in running and I'm very proud of myself. I feel more confident and I'm ready for any challenges in the future.
