题目①

Dear Mr. Smith,

How is it going? I'm writing to invite you to take part in the Traditional Art Exhibition. Let me tell you more about it.

It will be held in the lecture hall at our school next Friday. It will start at 9 o'clock. First, we will watch the art teacher's paper cutting performance. Then, some students will show us how to make tea and you can try it yourself. Besides, we will see some exhibitions about traditional Chinese culture, such as Beijing hutong culture, Beijing Opera and the history of traditional Beijing snacks. I'm sure you will enjoy this activity.

In order to have a better understanding of traditional Chinese culture, I think you can surf the Internet about Chinese culture in advance. You can also bring a camera to take pictures.

If you can join us, we will be very happy. I'm looking forward to your early reply.

Yours,

Li Hua

题目②

Challenge Myself

1/4

When I first went to junior high school, I was happy and curious about everything. However, one week later, I found I was faced with a great challenge. I couldn't understand my English teacher because she only spoke English in class. I was worried and didn't know what to do, so I asked the teacher for help. My teacher encouraged me and gave me lots of helpful advice.

First of all, I listened to the tapes and read English every morning, which helped to improve my pronunciation. Then, to learn more about grammar, I took notes carefully in class and did lots of exercises after school. Besides, I improved my listening by watching English cartoons. In this way, I not only practised listening but also had fun. Every day, I kept practising and was not afraid of making mistakes. Day by day, I could follow my teacher in class and I really enjoy my English class now.

Through the experience, I have realized that as long as we keep trying, nothing is impossible.

And a pilot from one of the planes will explain how a plane flies. Then you will sit in a real plane on the ground of the airport.
