I love winter best. I like the cold weather; for me, there's something nice about wearing a winter coat with a scarf and gloves. Along with many school children across the UK, I get very excited about the thought of snow. Snowball fights are great fun and many families enjoy making snowmen together.

Also, I love winter best because Christmas is in this season. I really want a white Christmas. Unluckily this doesn't happen often in the UK. But I can get many gifts during Christmas. And the Christmas dinner is also my favorite meal of the year. I can eat a lot of delicious food. Dinner is usually followed by a Christmas cake and some pies, and lots of chocolate!

二、听独白，记录关键信息。独白你将听两遍。(共 8 分，每小题 2 分)

请根据所听到的独白内容和提示词语，将所缺的关键信息填写在答题纸的相应位置上。

Do you often play sports? Do you like playing sports? Studies show that sports are very important for children.

First of all, sports are a good way for children to make new friends. Some of them may become lifelong friends. The friendship can make them happy. The children who play sports can be more popular at school.

Besides, playing sports is a fun way to spend time with family. It is not always easy for children to find time to spend with their parents. Children can have a good time playing sports with them so that they can be close with their parents. Also, children can relax themselves a lot. Isn't it great!

More importantly, playing sports is good for children's mind. Children can learn to face success and failure when they play sports, and this teaches them to try again

when they lose a game. I think more children should know that. So, why not start doing sports and having fun?
