Dear foreign teachers and students,

Winter vacation is coming. Here are the things you need to know in order to use the library well during the vacation.

First, the library will be open only from 9 a.m. to 4 p.m. from Monday to Friday. And it will be closed for 7 days during the Spring Festival.

Second, only 3 books can be borrowed each time and kept for 20 days, but you can renew them if you haven't finished reading them on time. Magazines and newspapers can not be borrowed, and you can only read them in the library.

Be sure to have your ID card with you if you want to borrow books or read in the library. Besides, no food or drinks are allowed in the library.

Ask the library staff for further information if you still have questions.

Wish you a great winter vacation and happy Spring Festival!

题目②

I live in a harmonious family full of laughter. Each of the family members gets on well with each other. We often sit together to share our problems and happiness and everyone feels supported and relaxed at home.

As for me, I respect and love my parents. When I'm at school, I always study hard and try not to make my parents worried about my schoolwork. When I'm at home, I often help them with some housework, so they can have more time to do what they love to do. When my sister is in trouble, I usually try my best to help her.

I love my harmonious family and feel comfortable at home. I think everyone should take responsibility to create a harmonious family.

Do you want to learn Chinese painting? Chinese brush painting is one of the oldest art in the world and it has lasted over 6000 years. Brush painting started in Han Dynasty and it was used to record events.

Before starting to learn Chinese painting, you should choose one type from two main kinds in Chinese painting: *Gong-bi* or *Shui-mo*. But no matter which type you choose, you should know the character of Chinese painting. Generally, the paintings are not only a way of showing natural plants, animals and objects, but also a way of communicating dreams, truth and valuable life lessons.

Once you decide to learn Chinese painting, you had better learn from Chinese artists. Learn the ways they describe the nature, control the brush, and color the paintings. Before setting a brush to the special *xuan* paper, you must have a picture in your mind, drawing on your imagination and store of experience. Once you start to paint, you will normally have to complete the work at one go.

It seems easy to start learning Chinese painting, but it takes years to be good at it , so there is no need to be disappointed if you can't paint well.

Why do people love visiting museums? Here are the possible reasons.

People enjoy visiting museums about interesting subjects. Some museums are famous because they have special themes. For example, there is a museum about the potato. This museum has art pieces made out of potatoes. Some museums are popular because they can't be found outside this city.

Museums also provide something to get your attention. Many museums now have colourful activities. You can take an audio guide to hear more about what you are looking at. You can create your own work of art. You can also try on special clothes in the museum.

Museums are welcome because they are close to our life. They show our values and our dreams. No matter who you are or what you like, there is a museum that will interest you somewhere in the world.
