### Man's Best Friend

In America, when people say "man's best friend", they don't mean another person. In that they are talking about a lovely animal—dog! These words show the friendship between people and animals. Dogs and other

pets can make people happy. Some people think of their pets as their children. So some of them even leave all their money to their pets when they die!

Animals can help people, too. Dogs can be taught to become the “eyes” for a blind person or “cars” for a deaf (耳聋的) person. Scientists have found that pets help people live longer. They make people happier, too. Because of that, some doctors take animals to the hospitals to visit the patients (病人).

Americans hold “Be Kind to Animals Week” in the first week of May. There are many pet shows during the week. Though you don’t live in America, you can do this, too. How?

First, think about how animals make your life more wonderful. If you have a pet, take more time this week to play with it. Remember to give it delicious food.

If you don’t have a pet, be kind to animals around you. For example, if you see a dog on the street, don’t kick it or throw things at it. Instead, just leave it alone, or better yet, make friends with it. If others around you do bad things to an animal, try to stop them. As people, we must protect (保护) animals who can’t speak for themselves.

50. What’s the passage mainly about?
