I have 7 lessons and finish school at 4:30 in the afternoon. Then I go home and do my homework. But on Friday, after school, I usually do sports with my friends on the playground. We love playing football together. On weekends, my family usually visits my grandparents. Then we go to the zoo, the park or go shopping together.

Text 5

Hello, everyone! Today, I'm going to talk about how to learn new words.

First, write down new words in your notebook. Write the meaning in English or draw a picture. Use a colored pen for difficult words. Say the words to yourself two or three times to help you remember them.

Second, work with a friend. Find a friend to help you. Do word exercises together. By doing this, you can see how many words you remember and how many you need to work on. You can also play word games together.

Last but not the least, read, read, read. Look at the words and read them again after 24 hours, after one week and after one month. The more times you "see" a word, the more easily you will remember it.
