题目一

Dear Peter,

How is it going?

I'm writing to invite you to take part in our Dragon Boat Festival Carnival. It will be held this Friday from 9:00 to 12:00 in the gym of our school. At the festival, we will have some fun and traditional activities, such as telling stories about Qu Yuan, playing games and making traditional food which is called Zongzi in Chinese. It will be very interesting. What's more, I know you are interested in Chinese culture. You can know more about China and make more friends at the festival. We strongly hope you will come and join us.

I'm looking forward to your early reply.

Yours,

Li Hua

题目二

We should protect the environment because the earth is our home, it's our duty to protect it. Everyone must do something to protect the environment. I do some things in my daily life.

First, I turn off the lights at once when I don't need them and I play less computer games to save electricity. What's more, I use cloth shopping bags instead of plastic bags when I go shopping. Finally, I use both sides of paper as much as I can.

In a word, I try my best to protect the environment. I'm sure that everyone can help make the earth a better place to live in.
