题目①

Dear Peter,

I'm writing to apply for the volunteer. My name is Li Hua, from Class 1, Grade 3.

I think I'm the right person because I have many strong points. First of all, I do well in English and my oral English is quite good. Besides, I'm always ready to help others and good at working with people and I have been a volunteer before. What's more, I'm outgoing and it will be no problem for me to get along well with foreigners.

I want to do the work because it's a great chance to improve my English. Most importantly,

I think it's my honor to introduce Miyun and our school to the foreign friends. I want to bring happiness to them, too.

I'm looking forward to your early reply.

Yours,

Li Hua

题目②

Waste sorting (垃圾分类) plays an important role in protecting the environment. I start with small things every day to sort waste. Whenever I see litter on the ground, I pick it up and throw it into the right bin. At home I help my parents sort the waste and put it into different bins. What's more, I often remind people around me of doing waste sorting.

I think all such small things are beneficial to our environment. Waste sorting is not only meaningful but also necessary. Let's take action to make our environment better and better.
