Hi, everybody,

My name is Nancy. I am in Year 7 at Woodland School near London. In our school, boys and girls have lessons together. Among all my subjects, I like French best. Learning foreign languages is fun.

Our school has a Reading Week every year. During the week, we can borrow (借) more books from the school library. We can also bring in books and magazines from home. I often read more books than my classmates. Near the end of the week, we talk about the books with our classmates in class. Time seems to go faster when we are reading interesting books.

Hi, guys,

I'm John and I'm 13 years old. I'm in the 7th grade at Rocky Mountain High School near Denver.

Every Monday, I go to the Buddy Club. In the club, older students help new students learn more about the school. My friend Tony is in the 12th grade. He often listens carefully to my problems and gives me help. He is my best friend.

We have different classes every day. On Friday afternoon, we finish classes earlier than usual. My friends and I often do sports together.

Twice a week, I play basketball after school. I love this game and practice hard every time. Our team won two games last month.

四、阅读与表达（每小题 2 分，共 8 分）

请根据短文内容，回答下列问题。

One of the things I like best about school is my art class. We have a great teacher named Mrs. Hilbert. She is a wonderful artist (艺术家). I love to watch her draw and paint. She taught us how to choose the right colours for our paintings. She plays good music while we draw and paint. We draw and paint almost everyday in class. Some days we look at pictures of other artists. It is interesting to do this. It helps me to think of things that I want to paint or draw. We will have an art show in

November this year. Our works will be in one of the libraries in our town. We are inviting people from the community (社区) to our art show. Our parents will go with us. I am working on three paintings now. And I hope I can show one of my paintings in the show.

33. Does the writer love the art class?

34. What's the name of the art teacher?

35. What do the students often do in the art class?

36. What does the writer hope?
