题目①

Dear Peter,

I am very sorry to hear that you are in hospital. I know that you have a bad cold and a cough. All the classmates worry about you so much. Hope you can get well soon. I know that you missed a lot of lessons. Don't worry about it. I can share my notes to help you to review them. I am going to see you this Saturday and tell you what is going on at school. If there is anything that I can do, please let me know.

Yours,

Li Hua

题目②

Everyone meets problems in life. When I was in Grade 7, I failed a math exam. I felt upset because most of my classmates got good marks. To solve my learning problems, I asked my teacher for help. Mr. Wang taught me patiently and I knew that I needed to practice more. I worked harder than before and made a great progress. When I worked out a difficult math problem, I felt really satisfied. I learned that we should face problems bravely, rather than being afraid of them. This makes me grow as a person.
