题目②

As we know, honoring our parents is excellent traditions of China. I honor my parents. I often help my parents do housework in my spare time. I think it's our duty to honor our parents. Our parents take much effort to raise us up, so it's important for us to honor them. They love us so we should love and respect them.

First of all, we should try our best to study hard to make them proud of us. Then, we can help our parents with some housework because they are tired after working. Next, we should respect them and never talk to them rudely. We'd better communicate with them patiently if we have different opinions. It's also important to tell our parents we love them.
