书面表达

五、文段表达

39. 参考范文:

题目①

Dear foreign teachers and students,

We are glad to tell you that we are going to the China Science and Technology Museum on June 4th. We'll meet on the playground at 8 a.m..

There will be a lot of exhibitions. We'll see them first. Then, we'll do some experiments in the morning. In the afternoon, we'll watch a 3D movie together about the polar bear. We'll be back to school at 4 p.m.

Please take a notebook to write down what you are interested in.

Students' Union

题目②

Expo 2019 has been held for a month in Beijing. It shows us the beauty of green space in the world. I think the environment is very important for people, and they can influence each other. We can benefit a lot from the good environment. However, if the environment gets worse, it will also do harm to ourselves. So we should try our best to do something for the environment. First, we can plant more trees and flowers to make the air fresh and the environment more beautiful. Second, we can save water by turning off the taps in time or reusing water to save energy. Third, we can recycle things like paper, cans and bottles to reduce waste.

We have only one earth. Saving the environment is saving ourselves. Let's take action now!
