"Cleaning is so boring!" Jonas dropped the broom and sat on the floor.

Jonas' mother was going to clean the window, "Cleaning is 50, even if we don't like it."

"Why? Is it just to keep me busy?"

Mother laughed. "No, there are worse things for you to do if I just wanted you to keep 51. There are toilets to clean, and the dog needs a bath."

Jonas was surprised. "Is that tomorrow's work?"

"Probably it is. Let's come back to the topic. Why is cleaning important?" Mother asked.

"I don't know. So things are tidy?"

"If you take care of things, they last longer," Mum said.

Jonas shrugged(耸肩). "Maybe it's to throw out old junk?"

"That can be a good thing. We don't need to keep useless things."

"Sometimes I find things I forgot about." Jonas remembered how he found some 52 he'd played with when he was a small boy.

Mother smiled. "Yes, and we don't need to waste money on new things, when we already have them. You never know what you have until you do some cleaning."

"So cleaning isn't totally 53," Jonas agreed, "It's not fun, though."

"I know it is boring for you," Mother agreed, "unless(除非) you make a 54 of it."

"How?" Jonas was excited.

Mom smiled. "I bet(打赌) I can clean these windows before you mop the floor."

"And if I 55, what can I get?" He asked.

"How about ice cream?" Mom offered.

"Deal!" Jonas shouted, running for the mop. Cleaning wasn't fun, but at least() he might get ice cream. It felt good to help out, too.

Teeth play an important role in your daily life. A tooth has many different parts that make it work. They not only let you eat things like apples, they also help you talk. So Let's talk about teeth!

Tooth Talk

Your teeth are great for eating, but you also need them to talk. Different teeth work with your tongue and lips to help you make sounds. Try saying the word "tooth" slowly and notice how your tongue first touches the inside of your incisors(门牙) to make the "t" sound and then goes in between your upper and lower teeth to make the "th" sound.

Taking Good Care of Teeth

Brushing your teeth is the best way to keep your teeth good. It's especially important to brush before bedtime.

It's also important to visit the tooth experts—your dentists. Sometimes the dentist takes X-rays to get a better picture of your teeth.

If you take care of your teeth now, you can eat what you like for the rest of your life!
